

Feature Sheet

One way the Government of Ontario supports agriculture is through the Farm Property Class Tax Rate Program, also known as the “Farm Tax Program.” Your farmland will be taxed at no more than 25% of your municipality’s residential property tax rate, if eligible. Your farm residence and one acre of land surrounding it are taxed at your municipality’s residential rate. Agricorp, the Municipal Property Assessment Corporation (MPAC) and municipalities work together to administer the Farm Tax Program. Your property tax rate is provided by your municipality.

Who administers your farm property class tax rate?

Eligibility requirements

- MPAC has assessed your property as farmland.**

The Municipal Property Assessment Corporation (MPAC) classifies your property based on requirements set by the Government of Ontario through the *Assessment Act*. MPAC completes a province-wide assessment every four years, with notices sent to all property owners.
- Your property is used for a farm business.**

Your property is actively being farmed by yourself, a tenant farmer or both and generates an annual gross farm income of at least \$7,000. All farm income and expenses need to be filed with the Canada Revenue Agency. An annual gross farm income exemption may apply.
- The farm business on your property has a valid FBR number.**

Ontario farm businesses that gross \$7,000 or more in annual farm income are required by law to register their businesses with Agricorp each year under the Farm Business Registration (FBR) program. An exemption may apply.
- The property is owned by Canadian citizens or permanent residents.**

If the property is owned by a corporation, more than 50 per cent of the voting shares need to be legally owned by individuals who are Canadian citizens or permanent residents of Canada. Requirements for other ownership types can be found in the *Assessment Act* and Ontario Regulation 282/98.

How to sign up for the Farm Property Class Tax Rate Program

You buy or make ownership changes to farmland.

MPAC notifies Agricorp.

Agricorp sends you an application package.¹

You return the completed application to Agricorp.

Agricorp sends confirmation of approval to you and MPAC.

MPAC notifies your municipality.

Your municipality applies the farm property class tax rate to your property tax bill for the next calendar year.²

1. If you did not receive an application and you should have, please contact Agricorp.

2. A property owner who meets all the eligibility requirements may, if the property is purchased that year, apply for the farm property class tax rate for the current property tax year and the next tax year.

How to renew

You only need to apply once. After that, your farm property will remain in the program and be taxed at the farm property class tax rate as long as you meet the eligibility requirements, including keeping your Farm Business Registration (FBR) number valid each year.

You are required to inform Agricorp of any changes to your farm property that may affect your eligibility. These include things like changes to your land use, property rental arrangements, farm business structure, income, FBR status or exemption status.

If you report changes, Agricorp will assist you in determining what you need to do to remain in the program and let you know what documents are required.

If you are no longer eligible for the Farm Tax Program but meet the eligibility requirements in a following year, you will need to call Agricorp to re-apply for the program.

Keeping your FBR number valid

All farm businesses that gross \$7,000 or more annually need to register with Agricorp under the FBR program.

You or your tenant will receive an annual FBR invoice from Agricorp. To keep your FBR number valid, pay your FBR invoice from Agricorp by the March 1 deadline. Paying after the deadline may impact your eligibility for the Farm Tax Program and other government programs linked to FBR, such as *Canadian Agricultural Partnership* initiatives.

An FBR religious exemption may apply.
