

An agency of the Government of Ontario

Commodity-Specific Terms: Fresh Market Vegetables – Average Farm Yield Basis

Section A: Commodities

These Commodity-Specific Terms apply to Asparagus, Fresh Market Carrots, Seed Onions, Set Onions, Spanish Onions, Bell Peppers, Banana Peppers, Fresh Market Potatoes, and Rutabagas.

Section B: Excluded perils

1. Asparagus: Wildlife is not an Insured Peril.

Section C: Available coverage

1 Production loss coverage

1. Production loss coverage is available for all Commodities listed in these Commodity-Specific Terms.
2. Coverage for production loss during Storage is available for Fresh Market Carrots, Seed Onions, Set Onions, Spanish Onions, Fresh Market Potatoes, and Rutabagas only.

2 Unseeded acreage coverage

1. Unseeded acreage coverage is available for Fresh Market Carrots, Seed Onions, Set Onions, and Spanish Onions only.
2. If an Insured Peril prevents you from planting all or part of the Commodity, you must notify Agricorp by:
 - a) Seed or Set Onions: May 15;
 - b) Spanish Onions: May 20; and
 - c) Fresh Market Carrots: June 15.
3. To be eligible for this coverage, you must offer all acres of commodities listed in these Commodity-Specific Terms for insurance.

3 Replanting coverage

1. Replanting coverage is available for all Commodities listed in these Commodity-Specific Terms, except for Asparagus.
2. For all other Commodities listed in these CSTs, the maximum Indemnity payable is either the actual cost of

replanting or the maximum replanting cost specified by Agricorp, whichever is less.

3. For Fresh Market Potatoes and Rutabagas, the minimum acreage eligible for a replanting benefit is three contiguous acres.
4. For Onions, Fresh Market Carrots, Banana Peppers and Bell Peppers, the minimum acreage eligible for a replanting benefit is one unbroken acre.

4 Banana or bell pepper salvage benefit

1. A Salvage Benefit is available if there is any damage to Banana or Bell Peppers due to the Insured Perils of (1) hail or (2) sun scald or blossom end rot caused by drought or heat.
2. This benefit is available only if Agricorp determines that there is enough growing time left in the season to regenerate new fruit.

Section D: Commodity-specific conditions

1. Asparagus: The Coverage Period for Asparagus is from April 1 to July 15.
2. Coverage is available only for Asparagus plants that are at least four years old that you planted from crowns.
3. Banana Peppers (grown for processing only): Any Acreage unharvested at the end of the growing season will be excluded from Harvested Production or pro-rated for yield purposes if:
 - a) the unharvested Commodity was Suitable to Harvest and Suitable to Process, and this is confirmed in writing by the Processor;
 - b) you have met your Guaranteed Production; and,
 - c) you notify Agricorp promptly after the Processor informs you that they are not accepting any more of the contracted Commodity.
4. For Fresh Market Carrots and Fresh Market Potatoes, Agricorp will adjust the Harvested Production to take into account any carrots or potatoes harvested before maturity.

Section E: Cancellation

The Cancellation Deadline for Asparagus is October 30.

Section F: Definitions

A

Asparagus

Asparagus harvested from plants that are four years of age or older that are intended for fresh market or processing production.

B

Banana Peppers

All varieties of banana peppers, whether intended as fresh or processing peppers, but not including specialty peppers.

Bell Peppers

All varieties of bell peppers, whether intended as fresh or processing peppers, but not including specialty peppers.

F

Fresh Market Carrots

Carrots intended for sale on the fresh market.

Fresh Market Potatoes

Potatoes intended for sale on the fresh market.

R

Rutabagas

Rutabagas intended for processing and for sale on the fresh market.

S

Seed Onions

All varieties of yellow onions and red onions.

Set Onions

Onions grown from sets.

Spanish Onions

All varieties of sweet onions or Spanish onions.

Suitable to Harvest

A Commodity that has reached the required level of maturity for harvesting and delivery to a Processor.

Suitable to Process

A Commodity of consumable quality.
