

Rates, Dates and Updates

2021 Information Sheet Vegetables (AFY basis)

The information in this document applies to the following vegetables, average farm yield (AFY) basis: butternut squash, fresh market carrots, processing carrots, rutabagas, bell peppers and banana peppers.

Updates

Making coverage changes – This year, you have until May 31, 2021, to make any changes to your coverage.

Report your acres – New for 2021, you can now report your processing carrots, butternut squash and rutabaga acres online. The new tool is easy to use, accessible on mobile devices, and compatible with rural internet speeds. To get started, visit agricorp.com/acreage after May 1, 2021.

Coverage extended for on-farm labour disruptions due to COVID-19 – Coverage added in 2020 for production losses caused by on-farm labour disruptions due to COVID-19 is extended for the 2021 program year. For more information, visit agricorp.com.

Same insurance. New look. – We have refreshed the renewal notice and Contract of Insurance for Production Insurance. For more information, visit agricorp.com.

Unseeded acreage coverage – This year, we updated our unseeded acreage coverage to simplify the deductible calculation. This will have little to no impact on claim amounts. For more information, visit agricorp.com.

About premiums

Base premium rates for Production Insurance are set annually to reflect factors like past performance of the plan, changes to the claim price, and the level of the Ontario Agricultural Products Insurance Fund. The federal and provincial governments pay up to 60 per cent of the required premiums and 100 per cent of the administration cost of delivering the program.

Please refer to your renewal notice or invoice for premium rates specific to your individual coverage.

Calculating your premium

Premium = number of acres × base premium rate × (discount or surcharge)

Discounts and surcharges – If you have been enrolled in Production Insurance for more than one year, your premium rate may be discounted or surcharged based on your claim history.

Rates

Crop	Claim price	Maximum replant claim rate (\$/acre)	Base premium rate by coverage level (\$/acre)			
			65%	70%	75%	80%
Butternut squash	\$106/ton	\$280.00	N/A	\$14.75	\$19.45	\$25.93
